

Everything you need to get your  
business up-and-running online

Rock Solid Stable hosting from **Certa**

# Get your business online in three easy steps.

## Contents

2: Domain Registration

3: Email

4: Hosting & Website Builder

5: Cloud VPS & Containers

6: Reseller Hosting

# Step 01

## Domain Registration

Registering a domain name is the start of your business journey. Choose from over 250 extensions.

.co.uk .com .uk .net .me .org

.blog .biz .pro .business

.accountant .agency

Stand out from the crowd with a unique URL:

- Low registration and renewal prices
- WHOIS privacy protection
- Full DNS controls
- Easy-to-use control panel
- Unlimited web forwarding/domain pointing

# Step 02

## Email

Emails as professional as you are!

Now you've chosen your domain name, we'll help you create a branded email address.

Everything you need to power your business communications. IMAP, POP3, webmail and Microsoft Exchange delivered straight to your desktop, tablet, laptop or smartphone. Our cost-effective email solutions will grow with you.

### What's included:

- Mobile compatible
- Data and email storage in the cloud
- Step-by-step assistance setting up your email
- 24/7 support
- Webmail
- Scalable mailbox with full administrative control
- UK-based call centres
- Anti-virus filter
- Email on your domain

# Step 03

## Hosting & Website Builder

SEO friendly  
with full control  
of your website  
title, meta tags  
& URLs

Get your website online with Cloud hosting you can trust. Certa is the perfect solution for fast, reliable web hosting.

- 24/7 technical support and customer service
- Hourly off-site backups
- Fully managed and monitored 24/7/365
- 30-day money-back guarantee

If you don't have a website, create your own with a selection of beautifully designed templates in three easy steps:

1. Choose over 190 stunning templates
2. Customise with drag-and-drop images and text. Then add social media buttons, video content, google maps and more
3. Publish your fully responsive site in seconds – looks great on any mobile, tablet and desktop PC

# Cloud VPS & Containers

**Super-fast, super-stable, scalable cloud servers. If your website requires more resources – Certa VPS hosting is the only platform you'll need.**

- Windows and Linux
- No single point of failure
- Virtualised servers, firewalls, load balancers and more
- Scale resources up and down to suit
- SSD-only platform

## **Containers:**

- Ultra-secure hosting – favoured by web developers and SEO specialists
- Scalability on demand
- 24/7 UK-based monitoring and support
- Per-hour billing

# Reseller Hosting

**Start your own hosting business with Reseller and Master Reseller hosting.**

- Built on SolidFire platform
- 100% SSD-powered with no single point of failure
- Activate & suspend accounts with WHM
- cPanel account included for every user
- Hourly off-site backups
- Unlimited: bandwidth, email accounts and databases
- Re-sell Reseller hosting to your clients with Master Reseller
